

Trilrobot vouwen

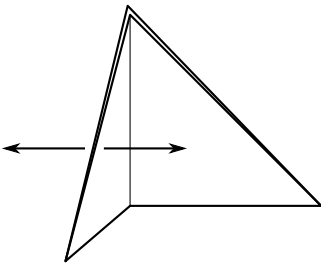

1. Vouw dubbel over de diagonaal.

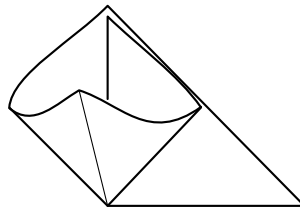

2. Vouw dubbel van links naar rechts.

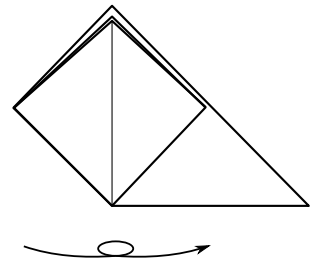

3. Je papier ziet er nu zo uit.

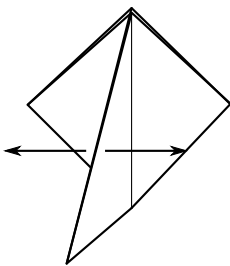

4. Vouw de linkerhelft open en druk het papier plat.

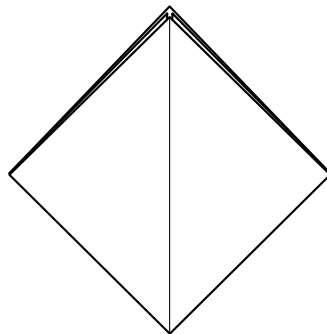

5. Je papier vouwt op deze manier dubbel.

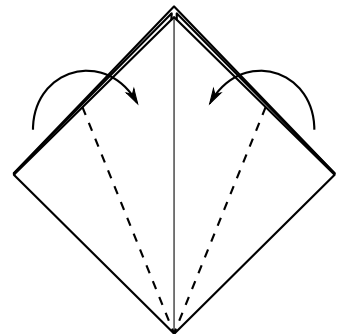

6. Je papier ziet er nu zo uit. Draai je papier om.

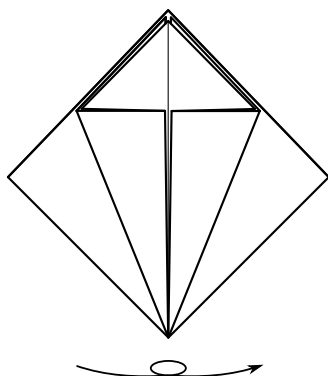

7. Vouw ook de achterste helft plat (zoals in stap 4).

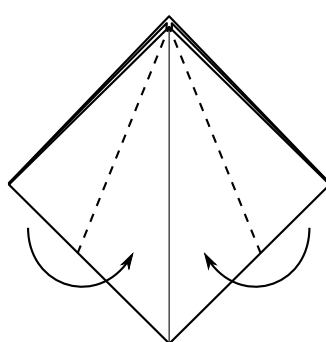

8. Je papier ziet er nu zo uit.

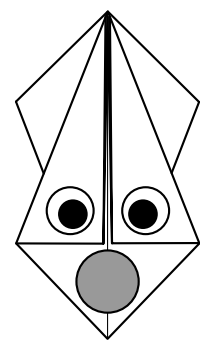

9. Vouw de punten naar binnen.

10. Je papier ziet er nu zo uit. Draai je blaadje om.

11. Vouw de andere twee punten naar binnen.

12. Oogjes en motortje erop en je bent klaar!
